

ZOO ACADEMY

Ever wondered what it would be like to be a Zoo Ranger at Jimmy's Farm and Wildlife Park?

With our new Zoo Academy Days you can experience life behind the scenes, caring for the animals!

Check out our website to find out more!

PIG BREEDS

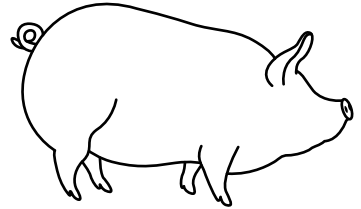

How many different breeds of pig can you spot on the farm?
Draw what they look like below and write their breed names underneath!

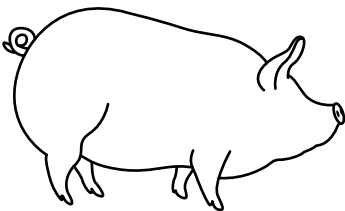

BREED ONE:

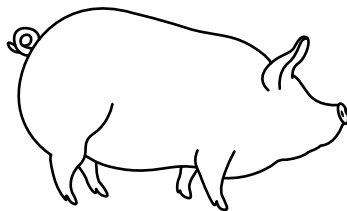

BREED TWO:

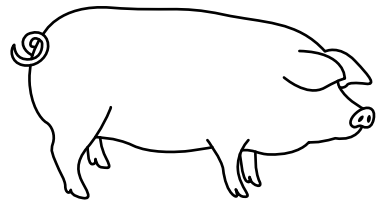

BREED THREE:

BREED FOUR:

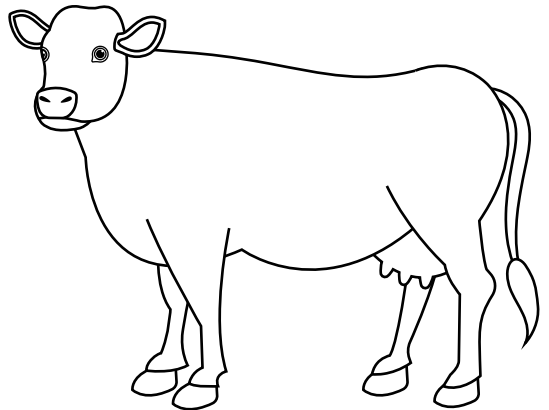

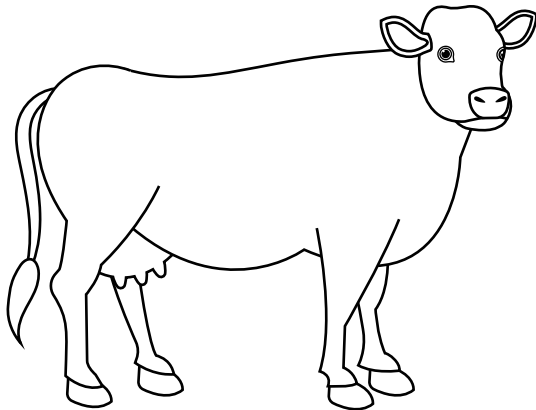

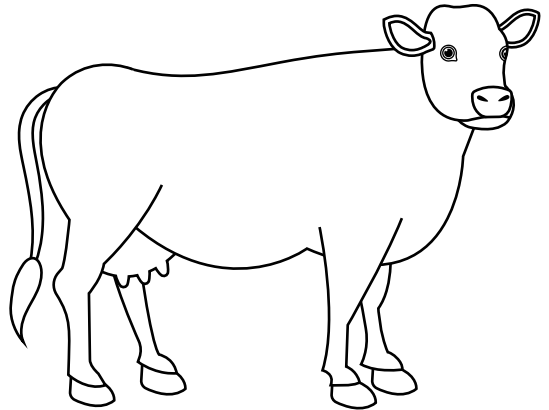

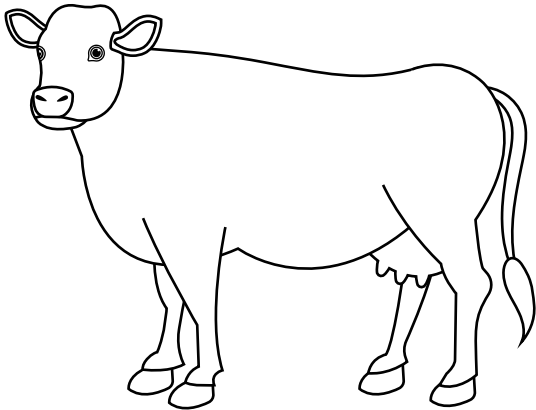

BREED FIVE:

BREED SIX:

COW MARKINGS

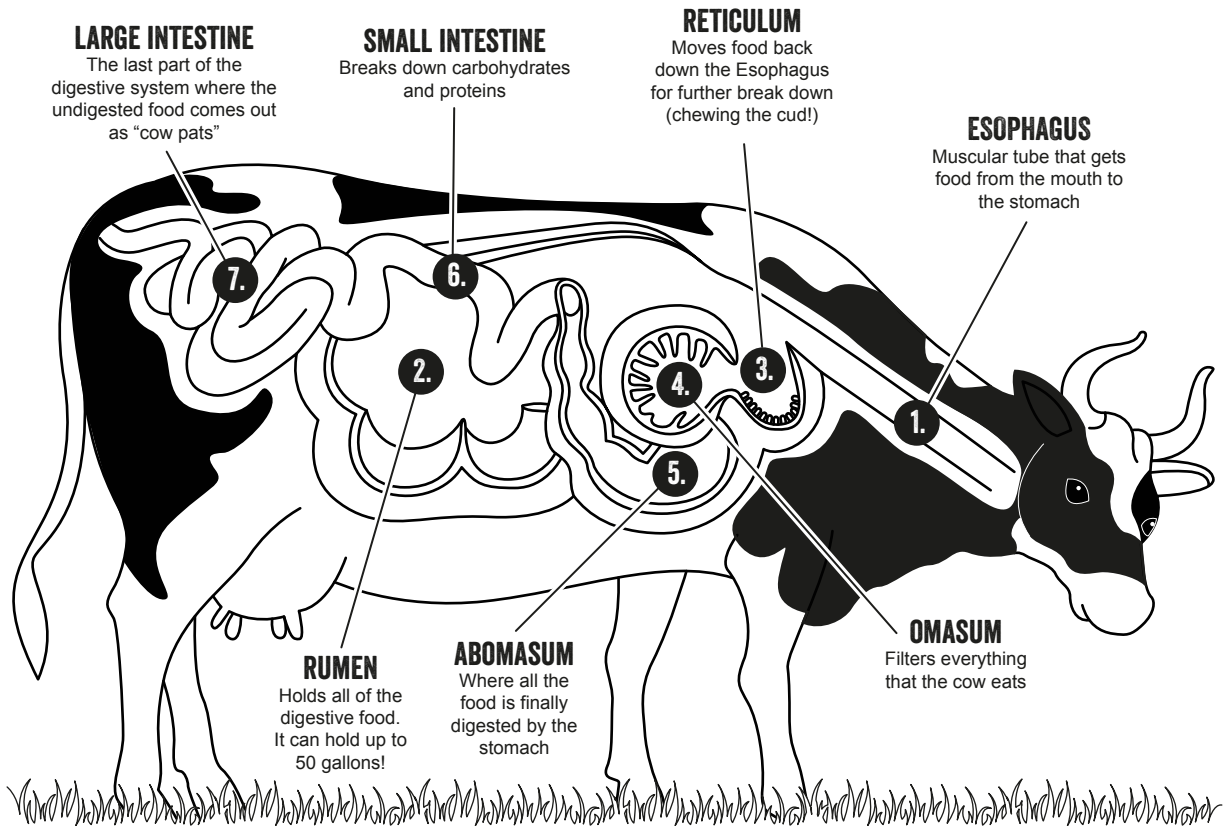

Did you know that every cow has different markings?
Draw all the different cow patterns you can see below!

COW DIGESTIVE SYSTEM

A cow has four stomachs and undergoes a special digestive process to break down the tough and course food it eats.

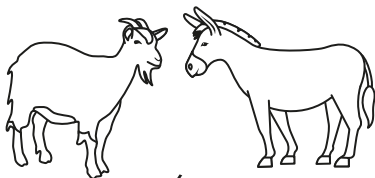

Below shows the different parts of the digestive system!

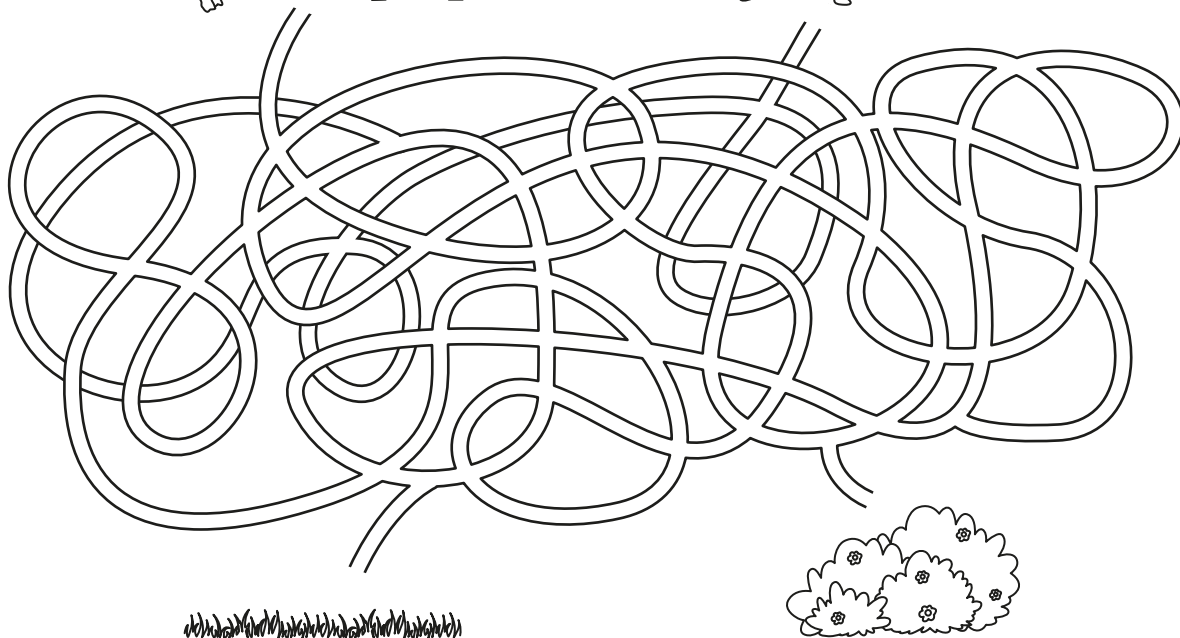

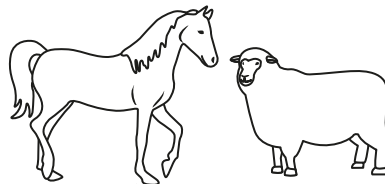

BROWSERS & GRAZERS FEEDING MAZE

Help the animals below get through the maze to their food!
Which option are they most likely to choose if they are browsers or grazers?

BROWSERS

GRAZERS

DID YOU KNOW?

Donkeys and goats, unlike sheep and ponies, are not waterproof and always require access to shelter!

HOW TO DRAW A RABBIT

Use the steps below to draw your own rabbit!

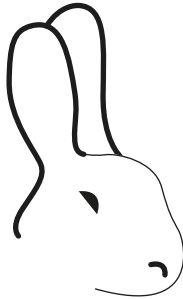

STEP 1.

Start by drawing the head. Think of drawing a backwards "C" with a little bump in the middle.

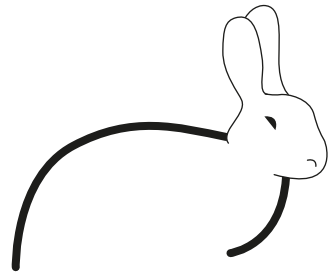

STEP 2.

Add an eye and two big long ears at the top of the head. A tiny curve also makes the nose.

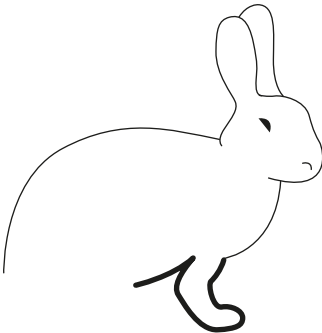

STEP 3.

Using a big round curve, draw the back. Draw a smaller curve under the chin to form the neck.

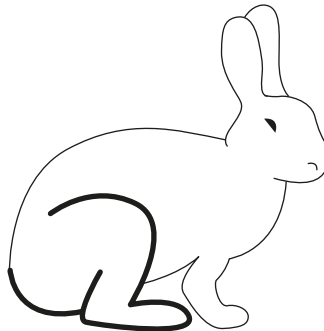

STEP 4.

Next, draw the front leg underneath. It should almost line up with the ears.

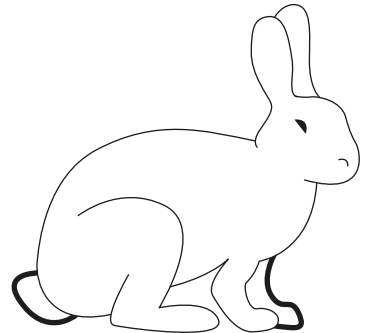

STEP 5.

Draw the hind leg by starting the curve so it almost touches the back. Make the foot flat along the bottom.

STEP 6.

Finally add a round, fluffy tail at the back and another leg at the front!

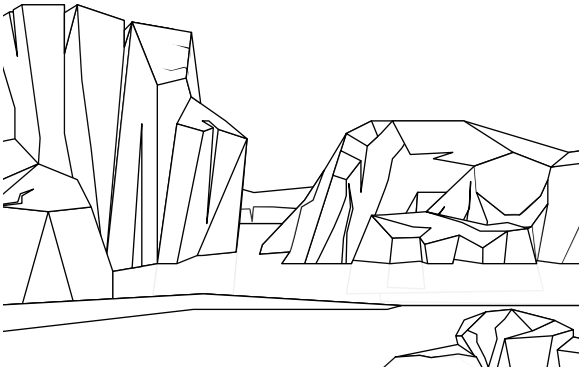

Draw your rabbit here!

HABITATS

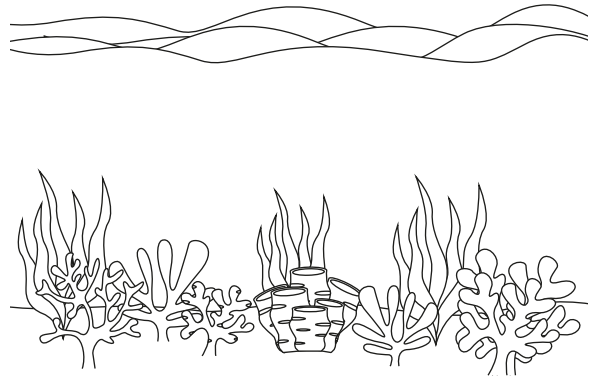

Animals live in habitats which provide them with food, water and shelter.
There are many different sorts of habitats around the world.

Place your animal stickers in the correct habitats below!

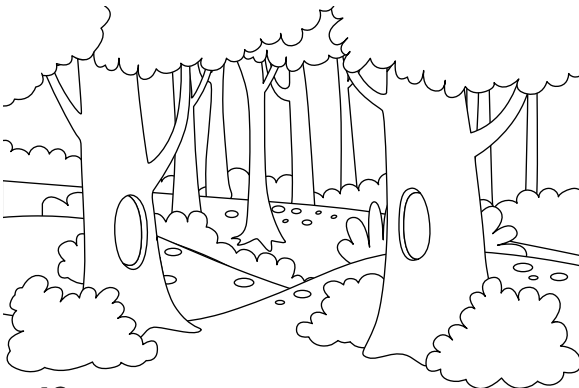

POLAR

OCEAN

WOODLAND

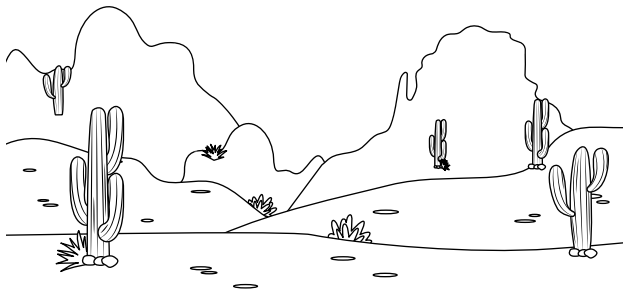

RAINFOREST

URBAN

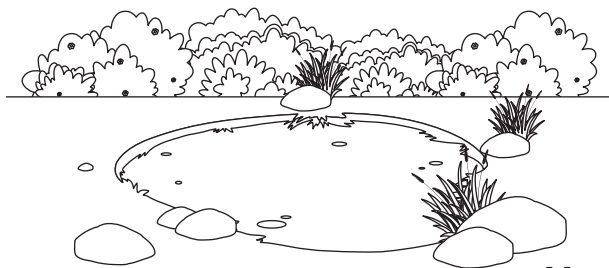

DESERT

COASTAL

POND

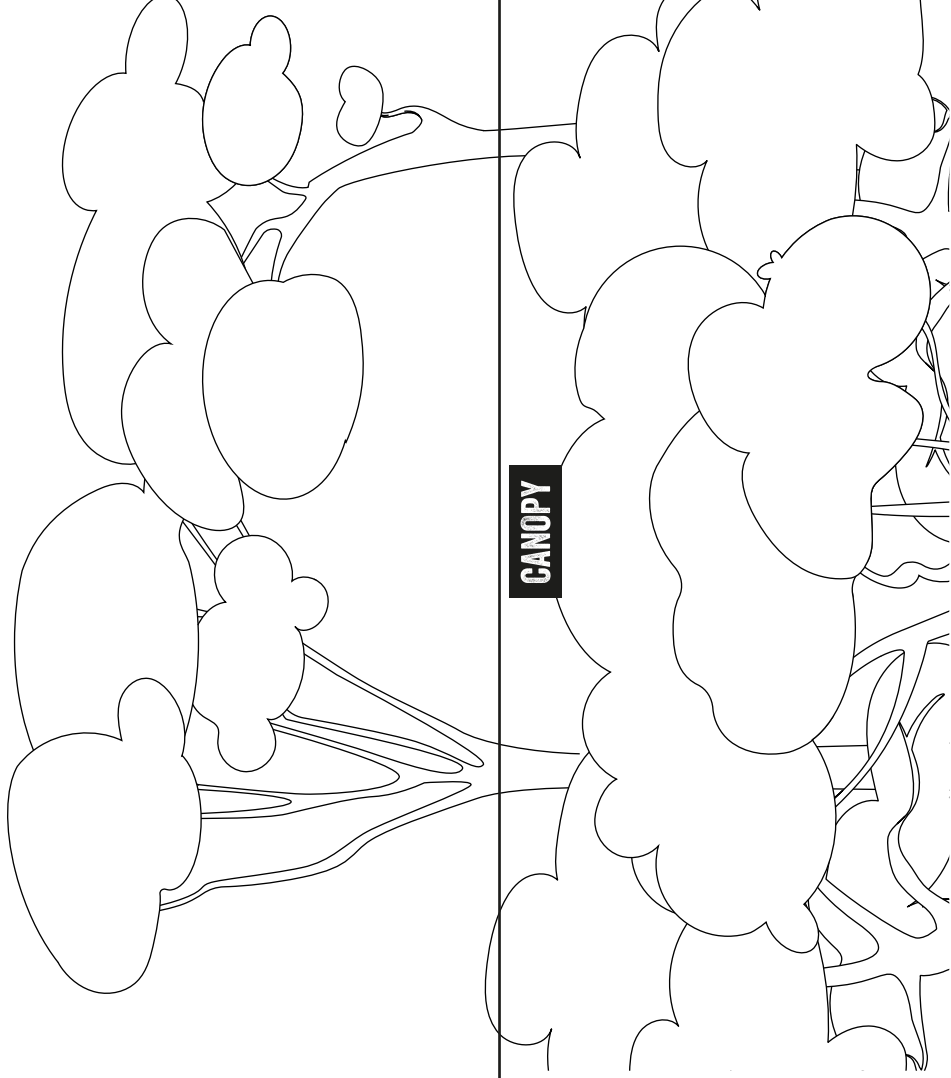

RAINFORESTS

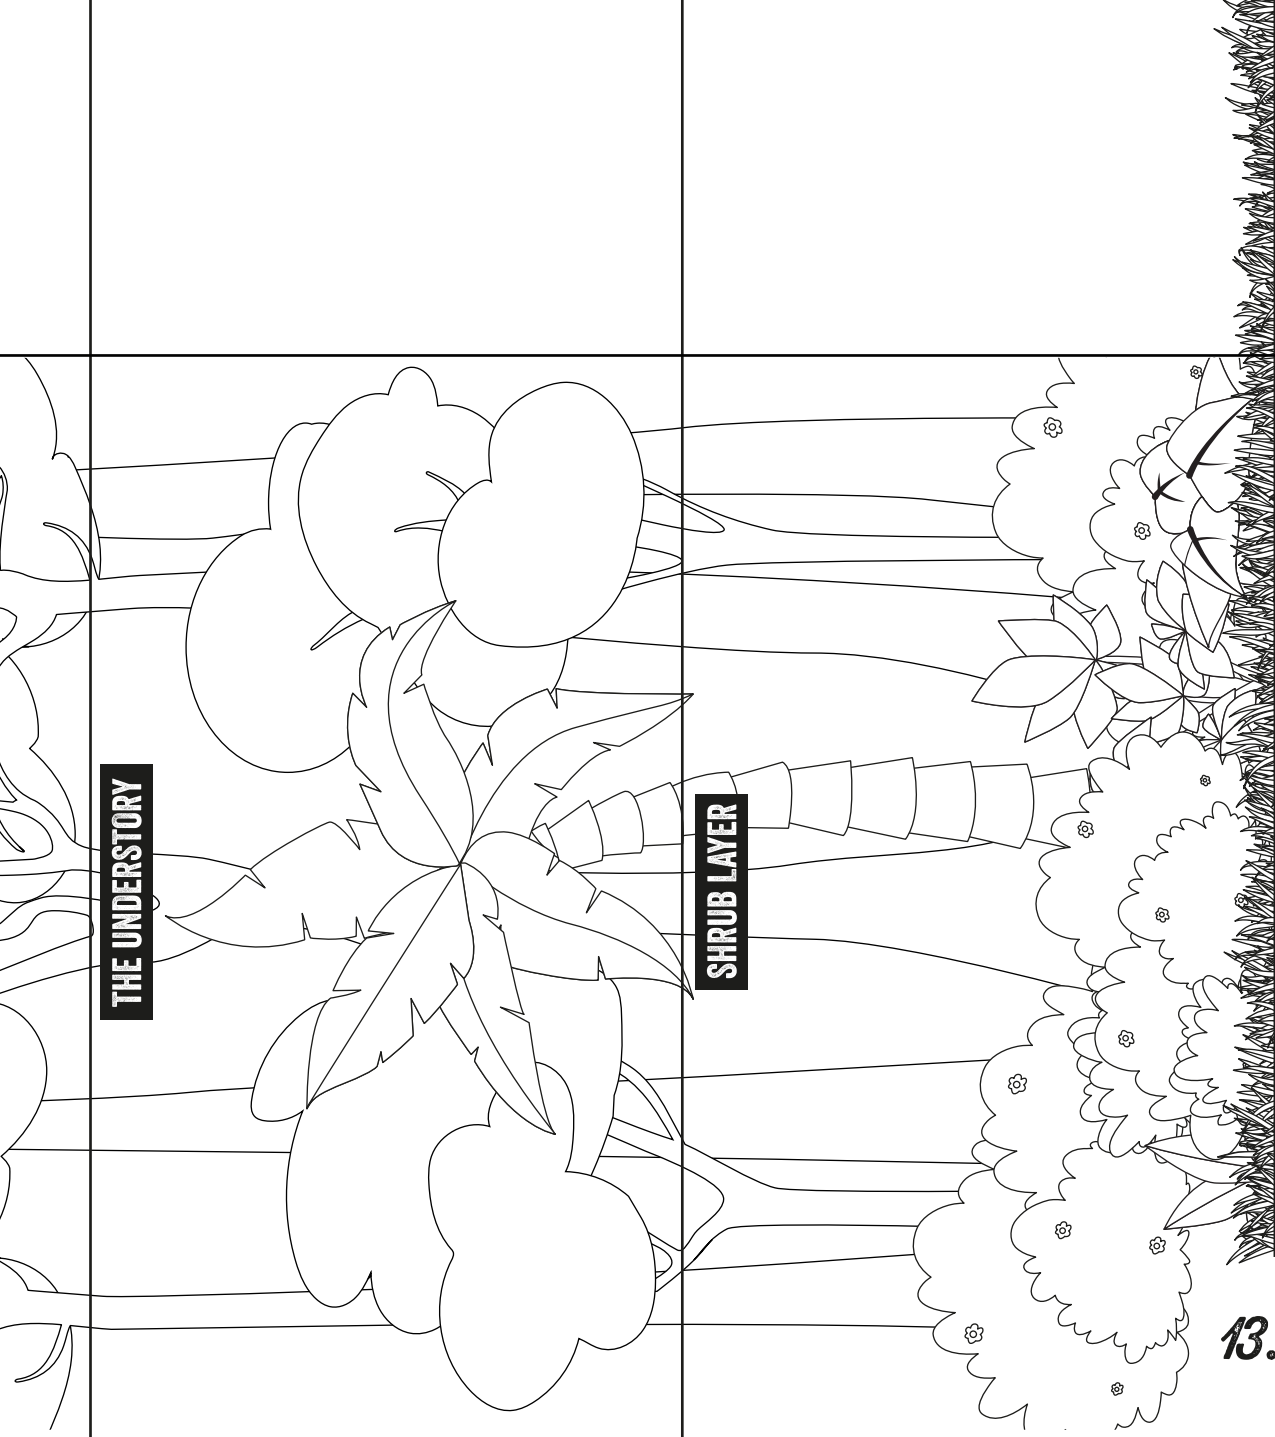

Use the labels below to show the different layers of the rainforest.
Can you write on each layer what animals you'd expect to find there?

EMERGENT LAYER

ANIMALS

CANOPY

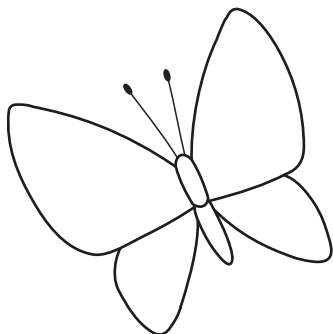

THE UNDERSTORY

SHRUB LAYER

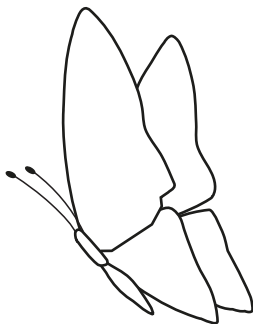

FOREST FLOOR

BUTTERFLIES

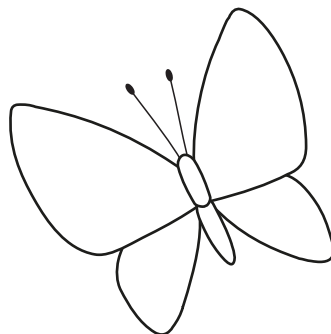

Draw the different butterflies you can see in the Butterfly House.
Write their species underneath them!

BUTTERFLY LIFE CYCLE

Can you draw each stage of the butterfly's life cycle above each description below?

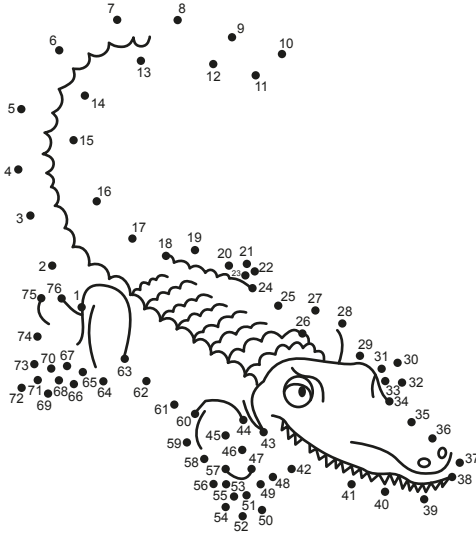

DID YOU KNOW?

Moths also go through the process of metamorphosis. This includes the largest moth in the world, the Atlas Moth, which you might be able to see in our butterfly house!

DOT TO DOT

Use the numbers to connect the dots to reveal the animals, then fill in the blanks!

I am a

					D
